## Announcement.

---

After twenty-five years successful operation as a private enterprise under the proprietorship of G. L. Taber, the Glen Saint Mary Nurseries Company was organized and took over the nursery property on July 1st, 1907. The incorporators and officers of the company are: G. L. Taber, President and Treasurer; H. Harold Hume, Vice-President and Secretary; Warren S. Askew, Assistant Secretary; W. P. Jernigan, Assistant Treasurer, and M. M. Bass, Field Manager. The personnel of the company, it will thus be seen, remains the same.

The same standards of high class nursery stock, careful packing, "trueness to name" will be rigidly maintained, and our patrons can feel assured that their orders will receive the usual careful attention for which the nurseries have always been noted.

In consideration of the very considerable advance in wages and the increased cost of supplies and materials of all kinds, our customers will find the prices quoted as low as are compatible with the production of high grade nursery stock.

We thank our customers for their patronage in the past, and solicit a continuance of their valued favors.

Sincerely yours,

GLEN SAINT MARY NURSERIES COMPANY

G. L. TABER,  
Pres. & Treas.

H. HAROLD HUME,  
Vice-Pres. & Sec'y.

## Business Terms.

---

**Quality of Stock**—Our soil and natural conditions are exceptionally favorable to the growth of fine nursery stock, which receives painstaking care and is marked, graded and packed under a system which secures accuracy. Patrons can depend upon receiving vigorous, healthy, well-grown, well-rooted specimens, true to name, and free from all injurious insects and fungous diseases.

**Prices**—This list cancels previous offers, and the prices quoted are *net* and subject to *no discount*. We reserve the right to change price without notice.

**Application of Prices**—Five, fifty and five hundred trees of one class at ten, hundred and thousand rates respectively, purchaser's selection from one fruit having a common price. For instance, fifty or more peaches, in one or more varieties, would come at hundred rates, and five hundred or more at the thousand rate. The foregoing does not apply to badly sorted orders, or to long lists made up of a few each of many kinds.

**Terms**—Cash with order or satisfactory reference before shipment.

**Packing** is done in the best manner known to the trade. In addition to our large packing houses we have a large shed, covering three-quarters of an acre, which enables us to handle all orders out of cold, wind and sun.

**Packing Cases**—The cost of packing and packing cases to be borne by purchaser, and will be charged for on invoice. Cases 7½ to 10 feet 30 inches, \$2.50; 24 inches, \$2.00; 15 to 20 inches, \$1.50. Bales, 25 to 75 cents. No charge for drayage.

**Shipping**—Kindly give full shipping directions, consignee, destination, whether by freight or express, and route; also state if for immediate shipment, or, if not, give date. When no directions are given we will ship as we think best for our customer's interest, but in all cases the risk and cost of transportation must be borne by purchaser.

**Caution**—All orders are accepted only upon the condition that they shall be void should any injury befall the stock from frost, hail storm, fire or other causes over which we have no control.

**Substitution**—In filling wholesale orders we never substitute unless especially requested to do so. It will save time and correspondence if purchasers will state whether they desire us to substitute in case any of the varieties or sizes ordered are exhausted.

**Guarantee**—We exercise the greatest care to keep our varieties pure and true to name, and we hold ourselves in readiness at all times to replace, on proper proof, all stock that may prove otherwise, or refund the amount paid; but it is mutually agreed between the purchaser and ourselves that we shall not at any time be liable for any amount greater than the original price received for the goods.

**Claims**—If, by any possibility, errors should occur, they will be promptly rectified, but claim must be made within ten days after receipt of goods, otherwise it will not be entertained.

GLEN SAINT MARY NURSERIES COMPANY

GLEN SAINT MARY, FLORIDA.

## Extra-Sized Trees.

---

We use utmost care in grading to see that all trees and plants are fully up to or better than sizes called for in price-list. In addition to regular-sized trees, we can furnish specimens of both fruit trees and ornamentals in extra large sizes, which we will quote upon application.

---

## Trees in Pots and Tubs.

---

We now have, in splendid condition for house and lawn decoration, a fine lot of Orange and Kumquat trees in pots and tubs. Prices on these range from \$2.50 to \$3.50 each for potted trees and \$7.50 to \$12 for trees in tubs. These trees are quoted f. o. b. cars here. Particulars upon application.
